Unreasonable: A correspondent asks us how many men entered the Confederate service. Do you think we were going around from 1861 to 1865 with a note-book and pencil, keeping tally of Confederate soldiers? You are unreasonable, man. "What shall we do to entertain our girls?" says a religious exchange. A man who meeds advice as how to entertain his girl is not fit to edit a religious paper. We suggest that he should take one of them out buggy-riding in the afternoon, tell her what a daisy she is and how insipid and fixed up that other girl is. Then he should take the other girl out for ice cream after supper and tell her confidentially how very uninteresting and awkward the buggy-riding girl is When the two girls meet the religious edi tor can depend on them entertaining each other without his personal assistance. - Texas

T. T. HAYDOCK,

Cor. Plum and 12th Sts.,

This firm is now in its sixth year of existence, and the rapid and permanent growth it has made is something unprecedented in the history of carriage building. Its per-manancy and growth have been accomplished, not by any special effort at "drum-ming" the trade, but by the excellency of the work produced, and by the low price at which this work has been sold. Another great feature of its success is in the STYLE of the work produced. It is too often the case that in low priced work the style is correspondingly low or common in appearance. But all goods manufactured by T. T. Haydock, are made in a stylish and artistic manner, thus adding beauty to quality. This firm does not build the lowest grade, nor the lowest priced work in the market by any means, but is making a specialty of a medium grade full leather top buggy at a very low price for the quality; and is offering special inducements to the trade to buy in large quantities.
